**Using
the
Toilet
Like a
Big Kid!**

A young child with curly brown hair, wearing a blue t-shirt and denim shorts, is sitting on a white toilet. The toilet has a blue and orange potty seat. An adult's hands are visible, one on the child's back and another on the potty seat. The child is looking down. The background shows a bathroom with white tiled walls and a window. A colorful rug is on the floor.

The Toilet

I am learning to use the toilet! It helps me stay clean and dry.

Feeling Urges

**When I feel a tickle in my tummy, it's
time to go pee!**

A young boy with short brown hair and blue eyes is looking up at an adult's hand holding a brass door handle. The boy has his hands clasped in a prayer-like gesture. The background is a brightly lit hallway with a white door and a wooden door frame.

Asking to Go

I can say, "Excuse me, I need to go to the toilet," or "Potty, please!"

Using the Toilet

I sit on the toilet and relax. I stay until my pee comes.

Celebrating Success

If I pee in the toilet, I wash my hands and feel proud!

Accidents Are Okay

Sometimes I might have an accident, and that's alright.

After an Accident

If I have an accident, I tell a grown-up and change my clothes. I will try again!

I Can Do It!

**Using the toilet takes practice. I
am a big kid now!**

Conclusion:

Using the toilet is exciting! I am proud of trying. Hooray for me!
